Electronics Recycling Available at Fontana Community Cleanup

FONTANA - Old televisions, computer monitors, VCRs and other electronic equipment can live again thanks to a recycling company that will join others at the Second District Community Cleanup from **8 a.m. to noon on Saturday, Aug. 12** at the California Speedway.

San Bernardino County Code Enforcement and Solid Waste along with Second District Supervisor Paul Biane host regular Community Cleanups so residents can dispose of large items such as tires, refrigerators, and yard waste without having to pay dump fees.

Residents were precluded from bringing televisions and computer monitors to past cleanups because the items contain lead. But that will change with the addition of [E-cyclers, Inc <http://www.e-cyclers.com/>](http://www.e-cyclers.com/), an Upland company that specializes in recycling used electronic waste including microwaves, telephones and stereos.

"E-cyclers and the County are partnering to provide a convenient and environmentally friendly way for residents to dispose of old electronic equipment," Biane said.

Residents should enter the California Speedway at the Main Gate located at 9300 Cherry Ave. All tires must be removed from the rims, and tires cannot exceed 11-inches by 25.5-inches. Those who plan to bring 10 or more tires must make arrangements prior to the event by calling (909) 387-5034. Waste from any commercial venture is strictly prohibited from this event.

Hazardous materials such as paint, weed killer, and used motor oil will not be accepted. These items can be taken to the Rancho Cucamonga Fire Station on Saturdays between 8 a.m. and noon. The fire station is located at 12158 Baseline Road.

Contact Supervisor Biane's office at (909) 945-4297 or Code Enforcement at (909) 387-4044 for more information. Please do NOT contact the California Speedway regarding this event.
